BUS FARES

Prices stay the same for 2016-2017

Each year, LTD evaluates the price of passes and makes a recommendation to decrease, maintain or increase fares to its board of directors. Fares are divided into three categories; Group Pass, Day Pass and Monthly Passes, and a different one is looked at each year so changes will only impact a portion of our passengers at a time. After reviewing pass prices this year, it has been determined that all fare categories will remain the same through June 2017.

JOIN THE BUSINESS COMMUTE CHALLENGE, MAY 14- 20

Grab your co-workers and join a friendly  
competition against other workplaces.

The Business Commute Challenge will find out which organizations can walk, bike, bus, carpool and telework the most. Whether you're a bus rider, thinking about bike commuting for the first time or just want to have fun with your co-workers, this challenge is for you. Daily events during the week will help bond your team and boost incentive to win!

Teams are based on size, and the one that has the greatest percentage of participants throughout the week will win great prizes like a Tastings for 20 at Agrarian Ales. Visit **commutechallenge.org** to sign-up your team today.

# CELEBRATE EARTH DAY, LEAVE YOUR CAR AT HOME

Friday, April 22

Earth Day is a great day to do your part in helping reduce carbon emissions in Lane County so you, your family and friends can breathe clean air. One easy way to help protect the planet is to leave your car at home and take the bus instead, ride your bike, carpool with your co-workers or even walk for those short trips.

LTD is doing its part by putting more hybrid and electric buses on the road, implementing numerous water and energy conservation practices to its daily routine, and continuously improving through its Environmental and Sustainability Management Program.

Learn more about our robust sustainability programs at [LTD.org](http://LTD.org)

## EMX TRIPS & TRICKS

Helpful tidbits to make your ride on Emx more enjoyable

- Passes can be purchased before the bus arrives, using the ticket vending machines located at each station. Cards are accepted!
- EmX buses have two doors on each side for passengers to board. You're welcome to board through either one.
- Up to three bikes are allowed inside an EmX bus. Board through the back door, and use the bike rack straps to secure your bike.
- Fare inspectors periodically ride EmX buses. If you see one on board, please get your bus pass out to show them you've paid to ride.
- Passes for regular buses and EmX are interchangeable. Receipts for a day pass printed on EmX machines can be exchanged for a day pass on regular buses, and day passes purchased on regular buses can be shown to EmX fare inspectors as valid fare.
- To request a stop, simply push the red stop button on the vertical bars located near doors. (See photo of **red stop button** below.)

## CUSTOMER SERVICE SURVEY

### We want to hear from you!

Lane Transit District is surveying passengers as part of a research effort involving other midsize transit agencies from across North America. Your responses on customer service satisfaction will assist LTD in evaluating its service and be used to compare results with other transit systems, so that LTD can better serve the community.

What do we do well? What can we improve? What do you think about the availability and frequency of bus service? Travel time and ease of use? Transit information and bus comfort? Whether you use LTD every day or only occasionally, we want to hear from you! You can take the five minute survey at [LTD.org/Customer-Service-Survey](http://LTD.org/Customer-Service-Survey)
