Service Alerts

Visit LTD.org on your smartphone to see winter weather impacts on the go!

1. Go to LTD.org
2. Check your individual route page
3. If there is an impact, you’ll see a snowflake icon
4. Read the details on the detour to see if your trip is affected

If you have additional questions about a snow detour or delay, call 541-687-5555.

LTD and Winter Weather

Lane Transit District (LTD) buses do not stop running because it’s snowing or icy. However, snow and ice can cause unsafe driving conditions impacting LTD service. Some routes may be cancelled in severe weather. Safety is the District’s first priority, and adjustments must be made to service in order to keep our riders, and LTD drivers, safe.

This Snow & Ice Digest features the routes most likely to be affected by winter weather. Some routes have two detours, one for light snow and one for heavy snow. LTD’s Road Supervisors will make the call for which detour needs to occur based on current road conditions.

Our EmX service does not go on snow detour, but may have issues reaching certain stations. If a station is closed, signage will be posted directing you to the nearest stop, which will be temporary.

RideSource and Winter Weather

LTD operates RideSource, a service for eligible individuals who, due to a disability, are unable to access regular LTD bus service. During inclement weather, RideSource may be required to prioritize trips, depending on the severity of the weather and location accessibility. Where the situation is severe, RideSource may encourage riders to reschedule non-essential trips.

Although eligibility typically requires an in-person functional assessment, people who cannot physically access a stop to use LTD’s bus service because of snow or ice may be able to use RideSource on a limited basis. This is not a guarantee, but is a possibility. While RideSource’s ability to serve may be affected, RideSource may be able to operate in areas not accessible by the bus. To find out more, contact RideSource at 541-682-5566.

Reading our Snow & Ice Maps

If a route is detoured, the detour is indicated by a **thick blue line**.

If a street is not served, it is indicated by a **red dashed line**.

On some routes, a van or bus will pick up LTD customers and take them to a transfer point, where they can catch another bus. Snow van or bus service is indicated by a **black dashed line**.

Some routes experience limited trip routing, or less trips than usual, as indicated by a **thin grey line**.

Tips for Winter Weather Riders

• Stand back from the curb until the bus comes to a complete stop; buses may slide sideways in slippery conditions. Give the driver plenty of notice when signaling for your stop.

• Buses might not be able to pull all the way over to the curb because of snow and slush. Once the bus is stopped, riders may need to step into the road.

• Use handrails when getting on and off the bus. Snow can accumulate on the stairs and in the aisle, making them slippery.

• Expect delays. Chained buses can’t travel more than 25 mph.

• Dress warmly.

• Make sure you’re visible.

The Snow Flake Symbol

The Snow Flake Symbol on route pages in the Rider’s Digest and LTD.org means the route will likely be impacted by winter weather.

Where to get Real Time Info

LTD will closely monitor road conditions and update our communication channels in real time.
