Customer Satisfaction Survey  
Now through May 21

Every year, LTD asks our customers to share with us, on a scale of 1 to 5, how they feel we are doing. It is that time of year again to ask you, our riders, to take the survey. This survey is conducted through the American Bus Benchmarking Group, and LTD will be compared against 19 other transit agencies across the country. Your feedback helps us gauge how we're doing, where we should improve our service, and what makes transit easier and more enjoyable for you.

Last year, riders indicated that we exceeded their expectations when it came to safety on the bus, driver helpfulness, comfort of ride, pollution reduction, and how the system works in general. They also indicated areas we can improve were service information and seat/space availability.

Please take a few minutes to tell us how we are doing so that we can continue to improve your transit experience. Once you complete the survey we'll enter you into a drawing for one of five \$25 gift cards redeemable at local businesses and free transit passes.

# MAY WALK & BIKE TO SCHOOL DAY

## Walk + Roll in May

May 10 is National Bike to School Day. Schools around the country are celebrating the day – some even the week or entire month – by participating in events that get kids actively walking, biking and rolling to school.

The Eugene-Springfield region is lucky to have a network of school communities that value the benefits of active transportation. Almost 30 elementary and middle schools in the 4J, Bethel and Springfield school districts will participate locally in the Walk + Roll Challenge. The Walk + Roll Challenge is a friendly, month-long competition aimed at encouraging more kids and families to walk, bike and roll to and from school. Participating schools are organizing activities and events that will challenge families to consider a car-free way to school.

Last year, 29 schools in the Eugene-Springfield area had 3,686 students participate in the Walk + Roll Challenge.

The Walk + Roll Challenge is organized by volunteers from within our school communities. We couldn't do it without them! Point2point at Lane Transit District is helping support these events by marketing the Walk + Roll Challenge and contributing 24 prize baskets to participating schools.
