## Be Seen at Your Stop

**Mark Your Calendars:** Daylight Savings ends on Sunday, November 6. As the daylight starts fading earlier and the weather shifts to fall-like conditions, it can be difficult for bus operators to see you waiting at your stop. Visit the Customer Service Center at Eugene Station or ask your operator for a free pedestrian or clip-on bike light, while supplies last. Be safe and help our bus operators and other drivers see you when it is dark, foggy, or raining by following these tips:

- Stand up as the bus approaches your stop.
- Use a cell phone or light to signal the bus operator.
- Wear light-colored, bright, or reflective clothing.
- When walking, face oncoming traffic.

## LTD Saves You Money with Fare Capping

Many riders are already getting real-time bus information, route maps, service alerts, and trip planning tools in the Umo App. Another feature LTD riders can take advantage of is fare capping. When you pay as you go with stored value in the Umo App or tap card, you'll never pay more than \$50 a month to ride the bus.
