

EmX is LTD's Bus Rapid Transit (BRT) system, connecting West Eugene, Downtown Eugene, the University of Oregon, Downtown Springfield, and the Gateway and RiverBend areas. EmX offers dedicated bus lanes and signals that prioritize bus movement, ensuring quicker travel compared to other modes of transportation. EmX Stations are designed for passenger comfort, featuring covered shelters, fare vending machines, and real-time arrival information.

## Fare is Required to Board EmX

Purchase fare in advance at a ticket vending machine on EmX platforms, at the customer service centers, or in the Umo app. Riders are required to scan or tap their cards when they board, just as they do on neighborhood routes. Look for QR code signs to validate fare before you board with the Umo app at high-traffic stations near the University of Oregon, Springfield, Centennial, Seneca, and Commerce stations.

*Cash is still accepted at ticket vending machines and at Customer Service Centers. Be prepared to show valid fare/ticket when asked by a fare inspector or public safety officer.*

## Please Arrive at the Bus Stop Five Minutes Early

If a stop is not listed on the timetables in this guide, use the previous major stop as a guide to determine when to arrive at the stop. Arriving early also allows time to purchase fare, or pay fare before you board by scanning a QR code sign (located at select stations).

## Navigating the Gateway EmX Loop

In Springfield, EmX buses travel along the Gateway section of the route in two directions: clockwise and counterclockwise around the loop. Each trip serves Sacred Heart Station, but the route alternates between serving Gateway Station and Sacred Heart Station first.

When planning a trip, pay attention to where the dashes appear on the timetable and if they are before or after the midline of the timetable. If the two dashes in the Sacred Heart Station column appear before the midline, then the bus travels clockwise and serves Gateway Station before Sacred Heart Station. Conversely, when the Sacred Heart Station column lists a timepoint before the midline, but has two dashes after the midline, the bus will travel to Sacred Heart Station first.

At the EmX platform, check the exterior LED signs to see which direction the bus is traveling and reference the timetable.

## Bikes on EmX

See page 13 to learn more about putting your bike on an EmX bus.

Estación EmX

El EmX es el sistema de Transporte Rápido de Autobús (BRT, por sus siglas en inglés) de LTD que conecta el oeste de Eugene, el centro de Eugene, la Universidad de Oregon, el centro de Springfield y las áreas de Gateway y RiverBend. El EmX ofrece carriles exclusivos para autobuses y señales que dan prioridad al movimiento del autobús, lo que asegura un viaje más rápido en comparación con otras formas de transporte. Las estaciones del EmX están diseñadas para la comodidad de los pasajeros, con refugios cubiertos, máquinas expendedoras de boletos e información sobre las llegadas en tiempo real.

### Un pase es necesario para el EmX

Compre el boleto por adelantado en una máquina expendedora de boletos en los andenes EmX, en los Centros de Atención al Cliente o en la aplicación Umo. Los usuarios deberán escanear o pulsar al subir, tal como en las rutas. Busque los carteles con el código QR para validar numeradas el su pase antes de subir con la aplicación Umo en las estaciones más transitadas cerca de las estaciones de la Universidad of Oregon, Springfield, Centennial, Seneca y Commerce.

*Se sigue aceptando dinero en efectivo en las máquinas expendedoras de boletos y en los Centros de Atención al Cliente. Esté preparado para mostrar un boleto válido cuando se lo pida un inspector de tarifas o un agente de seguridad pública.*

### Por favor llegue a la parada de autobús cinco minutos antes

Si una parada no aparece en el horario, utilice la parada principal anterior como guía para determinar cuándo llegar a la parada. Llegar antes también le dará más tiempo para comprar el boleto o escanear los códigos QR de preembarque (situados solo en determinadas estaciones).

### Desplazamiento por el circuito de EmX en Gateway

En Springfield, los autobuses EmX viajan en dos direcciones por todo lo largo de la sección de Gateway: en sentido de las manecillas del reloj y contra las manecillas del reloj alrededor del circuito. Cada recorrido ofrece el servicio a la estación de Sacred Heart, pero la ruta se turna entre primero acceder a la estación de Gateway o la estación de Sacred Heart.

Si va a planificar un viaje, preste atención al lugar donde aparezcan los guiones en los horarios y si aparecen antes o después de la línea central del horario. Si los dos guiones en la columna de la estación de Sacred Heart aparecen antes de la línea central, entonces el

autobús viajará en sentido de las manecillas del reloj y pasará primero a la estación Gateway antes de la estación de Sacred Heart. Por el contrario, si la columna de la estación de Sacred Heart indica un punto de tiempo antes de la línea central, pero tiene dos guiones después de la línea central, el autobús se trasladará primero a la estación de Sacred Heart.

En la plataforma del EmX verifique las señales exteriores de LED para ver en qué dirección viaja el autobús y consulte el horario.

### Bicicletas en el EmX

Vea la página 14 para saber cómo colocar su bicicleta en un autobús EmX.
