A Message From the CEO

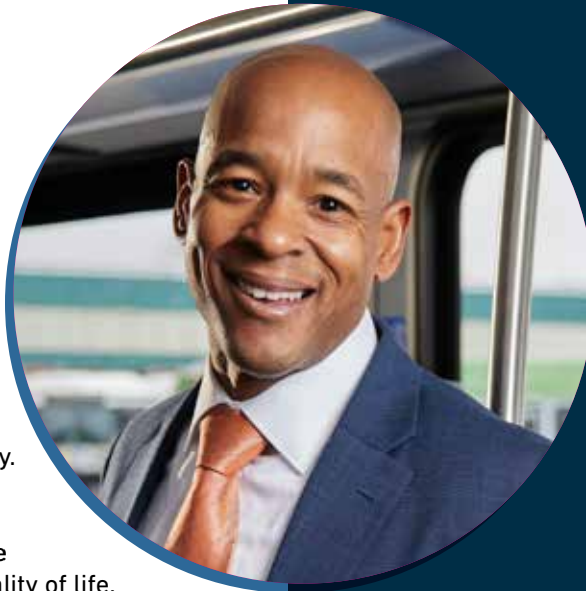

For more than five decades, Lane Transit District has played a vital role in our region's development by providing reliable transportation to generations of riders. In 1985, LTD became the first transit agency in the United States to make our buses wheelchair accessible—five years before the Americans with Disabilities Act. That spirit of innovation continues to guide us today.

We are proud to serve a region that embraces the power of public transportation as a tool for connection and opportunity. LTD is focused on helping people access jobs, education, housing and healthcare. Whether you live in the Eugene-Springfield metropolitan area or farther out, improving these connections strengthens our economy and improves our quality of life.

Alongside our partners, we're working with partners to expand options and invest in a system that meets the needs of today—and tomorrow. From rural mobility to more frequent urban routes, we're building a transit network that's more responsive, more accessible, and built to serve how people live, work, and move.

We invite you to help shape that future. Visit [LTD.org/Projects-and-Planning](https://www.ltd.org/projects-and-planning) for updates and opportunities.

Thank you for riding with us — and for being part of this community.

Durante más de cinco décadas, Lane Transit District ha desempeñado un papel vital en el desarrollo de nuestra región, brindando transporte confiable a generaciones de pasajeros. En 1985, LTD se convirtió en la primera agencia de transporte público de Estados Unidos en hacer que sus autobuses fueran accesibles para sillas de ruedas, cinco años antes de la Ley de Estadounidenses con Discapacidades (ADA). Ese espíritu de innovación continúa guiándonos hoy.

Nos enorgullece servir a una región que aprovecha el poder del transporte público como herramienta de conexión y oportunidades. LTD se centra en ayudar a las personas a acceder al empleo, la educación, la vivienda y la atención médica. Ya sea que vivas en el área metropolitana de Eugene-Springfield o en zonas más alejadas, mejorar estas conexiones fortalece nuestra economía y mejora nuestra calidad de vida.

Junto con nuestros socios, trabajamos para ampliar las opciones e invertir en un sistema que satisfaga las necesidades de hoy y de mañana. Desde la movilidad rural hasta rutas urbanas más frecuentes, estamos construyendo una red de transporte público más ágil, más accesible y diseñada para adaptarse a la forma en que las personas viven, trabajan y se desplazan.

Te invitamos a ayudar a forjar ese futuro. Visita [LTD.org/Projects-and-Planning](https://www.ltd.org/projects-and-planning) para obtener actualizaciones y oportunidades.

Gracias por acompañarnos y por ser parte de esta comunidad.

Whether you've never hopped aboard a bus, you're riding for the first time in a while, or you're a regular rider who wants to learn more, LTD has some tips to make riding the bus safe, easy and convenient.

Si es su primera vez en el autobús, si no ha viajado en mucho tiempo o si viaja seguido y quiere aprender más, LTD tiene consejos para que moverse en autobús sea seguro, fácil y cómodo.

Arrive 5 Minutes Early

Arrive at the stop at least five minutes early and confirm you are at the correct bus stop; route numbers are listed on the bus stop sign. Wait on the sidewalk or shoulder where the bus operator can see you.

Have Your Fare Ready

Be ready to board with exact change, a valid paper bus pass, or fare loaded on a tap card or the Umo Mobility app. When using the Umo Mobility app, have your Umo code open on your phone to be scanned when boarding the bus.

Check the Destination Sign

As the bus approaches, check the LED sign above the front window to verify you're boarding the correct bus. Several routes may serve one stop, so if it is not the correct route, just wave the bus by and wait for the correct bus.

Stay Clear of the Bus

Stay back from the curb and wait until the bus comes to a complete stop before boarding. If you need to use a boarding ramp or lift, just ask the bus operator.

Pull the Signal Cord Before Your Stop

While riding, look for your stop. Pull the signal cord above the windows when the bus is about a city block away to alert the bus operator to stop at the next designated stop.

Exit Through the Rear Doors

Exit through the rear door of the bus to allow boarding passengers easy access to the front. For safety precautions, please wait for the bus to pull away and check for traffic before crossing the street.

Llegue 5 Minutos Antes

Llegue a la parada al menos cinco minutos antes y revise que esté en la parada correcta. Los números de ruta están en el letrero. Espere en la acera donde el conductor pueda verte.

Ten Listo tu Dinero para el Pasaje

Prepárate para subir con el dinero exacto, un pase en papel válido o tu pasaje cargado en tu tarjeta de contacto o en la app Umo Mobility. Si usas la app, ten tu código Umo abierto en el teléfono para que lo escaneen al subir.

Revisa el Letrero de Destino

Cuando el autobús se acerque, revisa el letrero LED en la parte delantera para asegurarte de que es tu ruta. Varias rutas usan la misma parada. Si no es la tuya, solo saluda y espera el autobús correcto.

Mantente Lejos del Autobús

Párate atrás en la acera y espera hasta que el autobús se detenga por completo antes de subir. Si necesitas usar la rampa o el elevador, pídeselo al conductor.

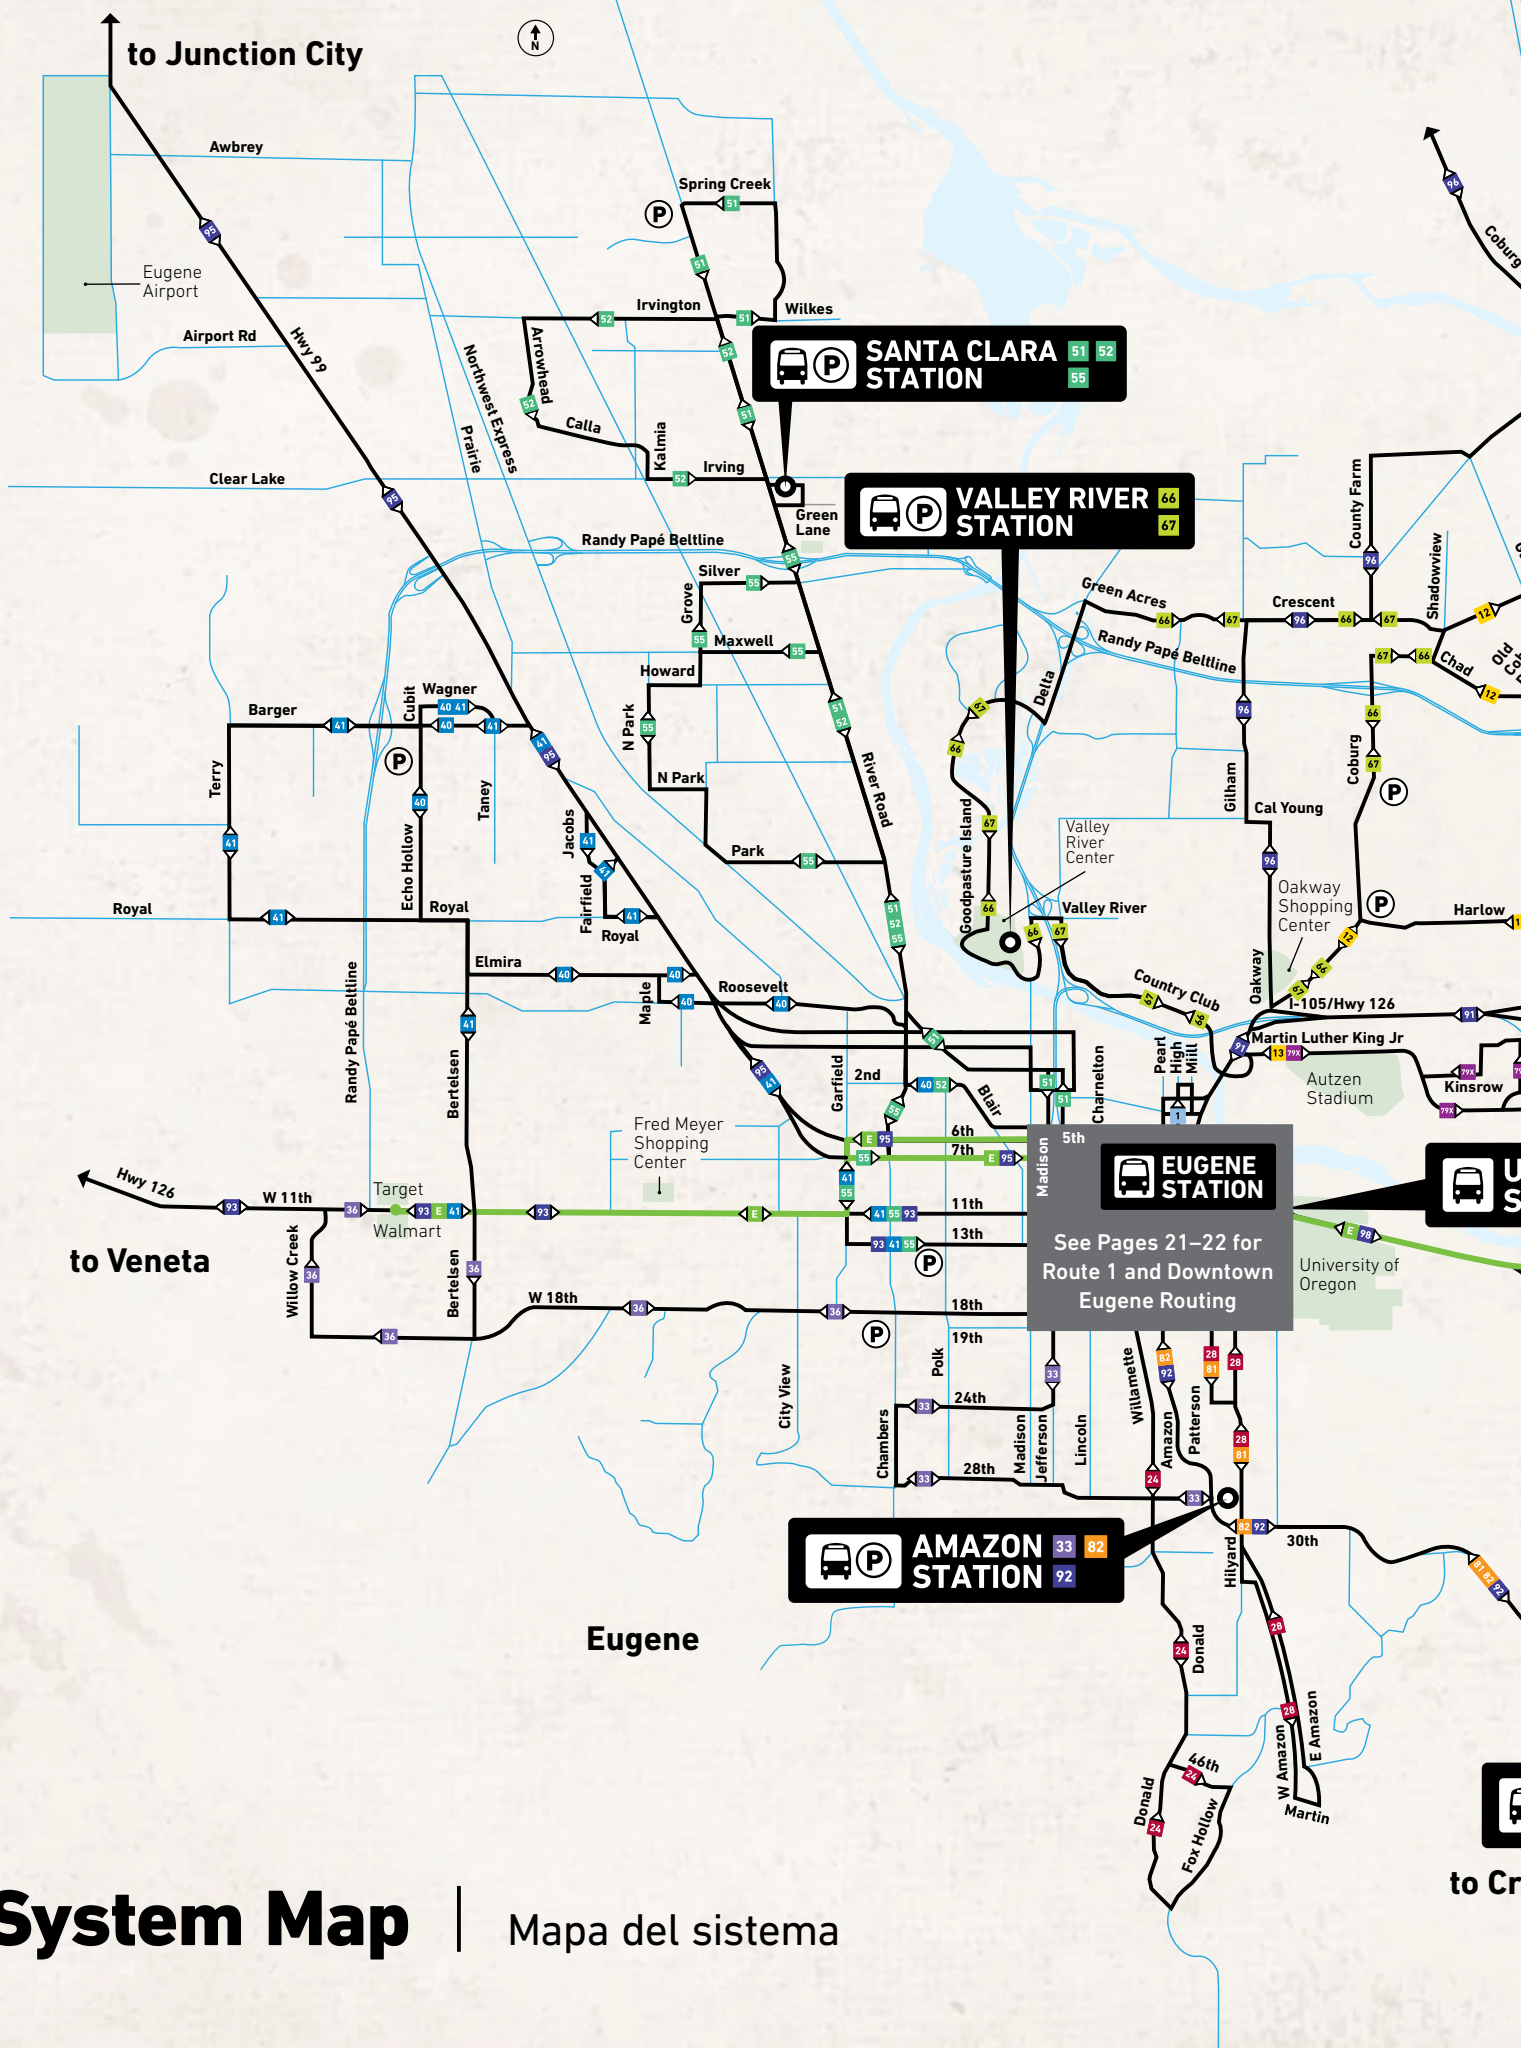

Jala el Cordón Antes de tu Parada

Mientras viajas, pon atención a tu parada. Jala el cordón encima de las ventanas cuando el autobús esté a una cuadra para avisar que quieres bajar.

Sal por la Puerta Trasera

Sal por la puerta trasera para dejar espacio a quienes van a subir por delante. Por seguridad, espera a que el autobús se aleje y revisa el tráfico antes de cruzar la calle.

Ride & Save with Umo

Whether you ride the bus frequently or hardly at all, you could save money by using the Umo app or tap card. Here's how:

1. Create a Umo account and add money to your account in the Umo app, at UmoPass.com, or at a Customer Service Center.
2. Scan or tap to pay each time you board the bus.
3. Umo tracks how much you've paid so you never pay more than the cost of a Day Pass in a calendar day or a 31-Day Pass in a calendar month.
4. Ride and save – it's that easy!

This behind-the-scenes process is called fare capping.

Who Benefits from Fare Capping?

Fare capping offers the same savings to riders who pay per ride as those who pre-pay for a 1-Day or 31-Day Pass. You'll never waste money if you don't end up riding as much as you thought you would, and if you ride more than you expected you'll still save. Fare capping is a win-win!

Fare Types

Todas las ventas de tarifas son finales. Si usted no está seguro de qué opción es la más adecuada, con gusto podemos ayudarle antes de su compra.

Ya sea que usted use el autobús con frecuencia o solo de vez en cuando, puede ahorrar dinero con la aplicación Umo o la tarjeta “tap”. Así funciona:

1. Cree una cuenta Umo y agregue dinero en la aplicación, en UmoPass.com o en un Centro de Atención al Cliente.
2. Escanee o toque su forma de pago cada vez que aborde.
3. Umo lleva el registro de lo que usted paga para que nunca pague más que el costo de un Pase de Día en un día calendario o un Pase de 31 Días en un mes calendario.

Viaje y ahorre — ¡así de sencillo! Este proceso se llama límite de tarifa (fare capping).

¿Quién se beneficia del límite de tarifa?

El límite de tarifa ofrece los mismos ahorros a quienes pagan por viaje que a quienes compran un Pase de 1 Día o de 31 Días por adelantado. Nunca perderá dinero si termina viajando menos de lo previsto, y si viaja más de lo que pensaba, igual ahorrará. Es un beneficio asegurado.

Tipos de Pases

Pases EmX

Disponibles en las máquinas expendedoras de boletos en todas las estaciones EmX. Los Pases de Día de EmX son aceptados en los autobuses regulares de LTD y serán cambiados por un Pase de Día por el operador. Todos los pases de LTD son aceptados en EmX.

Las organizaciones pueden comprar pases de autobús para sus estudiantes, empleados o residentes a una tarifa trimestral o anual. Llame al 541-682-3213 o visite:

Take Your Bike On The Bus

Pedal, Hop On, & Enjoy the Ride

Most LTD buses can hold three bikes. On neighborhood buses, bike racks are on the front of the bus, and on EmX, bike racks are inside the bus.

- Remove any bike attachments that may interfere with the operation of the bus. Bikes that do not properly fit in the rack will not be transported.
- Inside the bus, the maximum tire width allowed is 2.75 inches and wheel width should be between 26-29 inches. On exterior bike racks, the maximum allowed weight is 75 lbs. There is no weight limit for bikes stored inside the bus.
- Bicycles and similar devices powered by fuel other than a battery are not permitted. Battery compartments must be sealed.
- Place bikes in the rack closest to the bus. If the bike rack is full, you must wait for the next bus.
- Before exiting the bus, remind the bus operator that you will be removing your bike. Use caution as you step in front of the bus to access the bike rack. If your bike is the last bike on the rack, raise the rack to the upright position.
- It is your responsibility to load and unload your bike. Bus operators cannot assist you.
- LTD assumes no liability for injuries or property damage as a result of loading, unloading, transporting bicycles, or any other property on bike racks on the buses regardless of the circumstances leading to an event. Any use of the racks by a patron constitute acceptance of these terms.

Bikes on EmX

EmX buses have a bike rack on the inside with room to hold three bikes.

Here's how to take your bike on the EmX:

- Enter through the rear door of the EmX bus.

EmX is LTD's Bus Rapid Transit (BRT) system, connecting West Eugene, Downtown Eugene, the University of Oregon, Downtown Springfield, and the Gateway and RiverBend areas. EmX offers dedicated bus lanes and signals that prioritize bus movement, ensuring quicker travel compared to other modes of transportation. EmX Stations are designed for passenger comfort, featuring covered shelters, fare vending machines, and real-time arrival information.

Fare is Required to Board EmX

Purchase fare in advance at a ticket vending machine on EmX platforms, at the customer service centers, or in the Umo app. Riders are required to scan or tap their cards when they board, just as they do on neighborhood routes. Look for QR code signs to validate fare before you board with the Umo app at high-traffic stations near the University of Oregon, Springfield, Centennial, Seneca, and Commerce stations.

Cash is still accepted at ticket vending machines and at Customer Service Centers. Be prepared to show valid fare/ticket when asked by a fare inspector or public safety officer.

Please Arrive at the Bus Stop Five Minutes Early

If a stop is not listed on the timetables in this guide, use the previous major stop as a guide to determine when to arrive at the stop. Arriving early also allows time to purchase fare, or pay fare before you board by scanning a QR code sign (located at select stations).

Navigating the Gateway EmX Loop

In Springfield, EmX buses travel along the Gateway section of the route in two directions: clockwise and counterclockwise around the loop. Each trip serves Sacred Heart Station, but the route alternates between serving Gateway Station and Sacred Heart Station first.

When planning a trip, pay attention to where the dashes appear on the timetable and if they are before or after the midline of the timetable. If the two dashes in the Sacred Heart Station column appear before the midline, then the bus travels clockwise and serves Gateway Station before Sacred Heart Station. Conversely, when the Sacred Heart Station column lists a timepoint before the midline, but has two dashes after the midline, the bus will travel to Sacred Heart Station first.

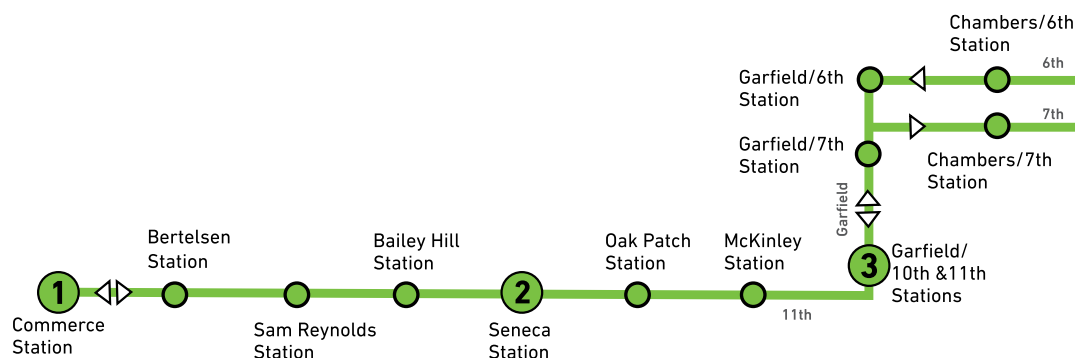

At the EmX platform, check the exterior LED signs to see which direction the bus is traveling and reference the timetable.

Estación EmX

El EmX es el sistema de Transporte Rápido de Autobús (BRT, por sus siglas en inglés) de LTD que conecta el oeste de Eugene, el centro de Eugene, la Universidad de Oregón, el centro de Springfield y las áreas de Gateway y RiverBend. El EmX ofrece carriles exclusivos para autobuses y señales que dan prioridad al movimiento del autobús, lo que asegura un viaje más rápido en comparación con otras formas de transporte. Las estaciones del EmX están diseñadas para la comodidad de los pasajeros, con refugios cubiertos, máquinas expendedoras de boletos e información sobre las llegadas en tiempo real.

Un pase es necesario para el EmX

Compre el boleto por adelantado en una máquina expendedora de boletos en los andenes EmX, en los Centros de Atención al Cliente o en la aplicación Umo. Los usuarios deberán escanear o pulsar al subir, tal como en las rutas. Busca los carteles con el código QR para validar tu pase con la app Umo antes de subir al bus. Estos carteles están en las estaciones más transitadas cerca de University of Oregon, Springfield, Centennial, Seneca y Commerce.

Se sigue aceptando dinero en efectivo en las máquinas expendedoras de boletos y en los Centros de Atención al Cliente. Estate listo para mostrar un boleto válido cuando te lo pida un inspector de tarifas o un agente de seguridad pública.

Por favor llega a la parada de autobús cinco minutos antes

Si una parada no aparece en el horario, usa la parada principal anterior como guía para determinar cuándo llegar a la parada. Llegar antes también te dará más tiempo para comprar el boleto o escanear los códigos QR de preembarque (situados solo en determinadas estaciones).

Desplazamiento por el circuito de EmX en Gateway

En Springfield, los autobuses EmX viajan en dos direcciones por todo lo largo de la sección de Gateway: en sentido de las manecillas del reloj y contra las manecillas del reloj alrededor del circuito. Cada recorrido ofrece el servicio a la estación de Sacred Heart, pero la ruta se turna entre primero acceder a la estación de Gateway o la estación de Sacred Heart.

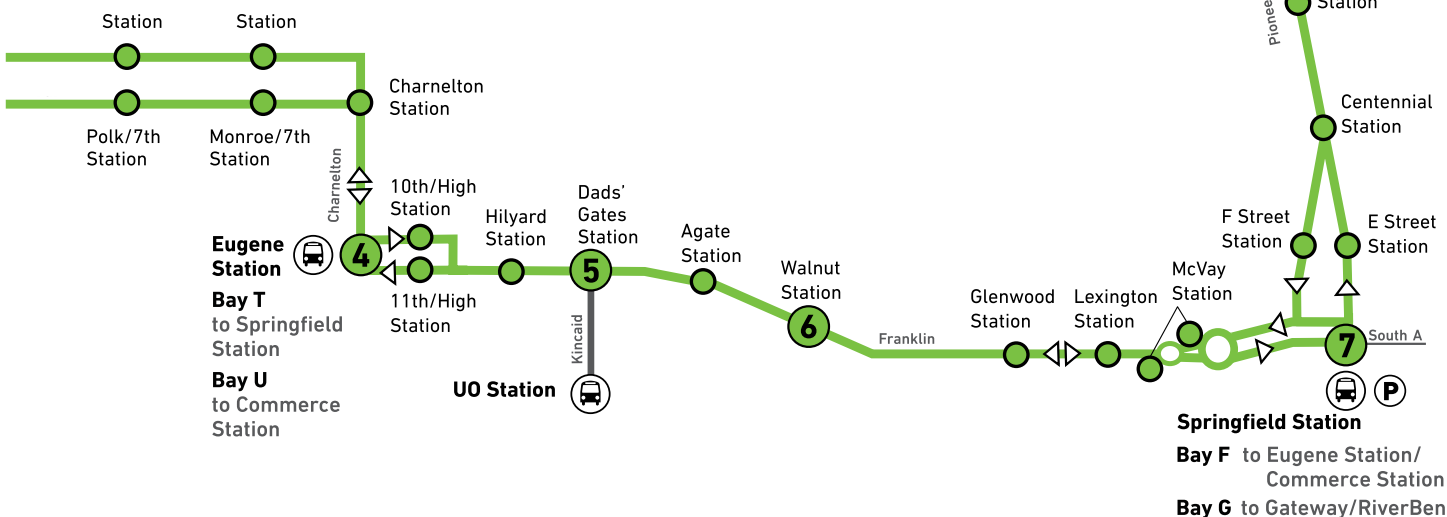

Si vas a planear un viaje, fíjate en los guiones en los horarios y si están antes o después de la línea central. Si los dos guiones en la columna de la estación de Sacred Heart aparecen antes de la línea central, entonces el autobús viajará en sentido de las manecillas del

reloj y pasará primero a la estación Gateway antes de la estación de Sacred Heart. Por el contrario, si la columna de la estación de Sacred Heart indica un punto de tiempo antes de la línea central, pero tiene dos guiones después de la línea central, el autobús se trasladará primero a la estación de Sacred Heart.

En la plataforma del EmX verifique las señales exteriores de LED para ver en qué dirección viaja el autobús y consulta el horario.
